

Camel's Hump Trip Itinerary and Supply List

"Hump Bump 88"

Camel's Hump is one of the many beautiful peaks located along the Green Mountain Trail. It stands 4200 feet high and on a clear day you can see as far as Montreal (100 miles to the north) and almost the entire Lake Champlain Valley. Camel's Hump is located about 17 miles south west of Burlington Vermont.

We will drive up to a parking lot about 1/3 of the way up and attempt to reach Gorham lodge (3700 feet) three hours up the trail. If the snow runs too deep we will camp at Montclair Lodge (2400 feet) which is just south of the Hump.

Here are just a few recommendations for the trip.

Wear good footwear such as hiking boots or water proof construction boots. The boots should have some tread.

If you borrow boots try to wear them a couple of days before journeying (work out the potential blisters).

Bring a good sleeping bag, or bring two sleeping bags, or a sleeping bag and a wool blanket.

Bring an extra set of clothing so you can sleep dry (wool socks, long johns, under shirt). The name of the game to keep warm in potentially cold weather is to keep dry.

Back pack

Additional

2 pair heavy wool socks

Winter Jacket

Wool Sweater

Turtleneck top and or hooded sweat top

2 pair Long underwear

bathing suit (just kidding)

Gloves
